Class cost \$15
Second Friday Morning of each month 9.30am—12md

UFO classes *

Come along and work on any project you wish to get finished, but perhaps need a little guidance to do so. Bring your machine and your work and join us for conversation, inspiration or just like minded company and friendship.

This class is also suitable if you want to commence a new project and need a little help getting started. Bookings are required.

These classes have been very popular and in the past we have found that people have reserved a place in the class and then are unable to make many of the classes over a term. This can make a 'full' class appear half empty. We have many people on a waiting list for some of these classes and it seems fair that if you wish to join the class that you commit to a term and come along to each session. I continuing the successful pre-payment system again this year. Everyone currently "in" a group will be assumed to be returning to class this year unless you notify me otherwise.

You can book in to attend a term of classes which usually run over 3 months. Feb- April, May -July, August-Oct. (Nov is a stand alone month as we do not run classes through Dec-Jan)

COST per class is prepaid and not refundable if you miss a class.

Once a month UFOs \$45 (3 x classes one each month)

Twice a month UFO's \$90 (6 x classes two each month)

Weekly classes may be paid monthly \$60 (4 x classes each month the fifth one is free)

Tuesday Mornings meet on second and fourth Tuesday of the month 9.30am-12md

NEW ! Tuesday Crafternoons meet on the first and third Tuesday afternoons of the month 1pm-3.30pm
